My name is Kety, I'm twenty-seven years old and I live in Mombercelli with my family.

My family is composed by three people: my father Giuseppe is sixty-two years old and he's an employee, my mother Anna is fifty-five years old and she works in a factory, and me.

I don't have brothers and sisters because I am an only child.

I have three cats. We live in a big country house with a garden.

I'm a normal girl: I have brown hair, brown eyes and I'm of average height. As for my personality, I am friendly, active, rather quiet and very helpful to my friends.

I don't like to practise sport a lot, I like swimming and to take long walks to the open when there is beautiful weather.

On TV, watch artistic skating and ice hockey. I like to listen music, also art, films.
